GLYNHIR Golf Club Safeguarding Children and Adults Policy Statement

1. Introduction and Purpose

This document describes our Golf Club's commitment and approach to safeguarding all participants, staff, and volunteers. It explains why and how steps will be and/or have been taken to create and maintain an environment that allows all participants (children and adults) to enjoy golf safely. This policy/statement is supported by a range of related policies, procedures and guidance – these are all mandatory for all staff, volunteers or others acting on behalf of the club.
We acknowledge the club's legal and moral responsibility to take steps to safeguard anyone using its facilities and services. We recognise that some groups of children and adults are particularly vulnerable to harm and abuse, and that particular care is needed when they take part in golf.
Although, in practice, there are some significant differences in safeguarding and responding to concerns about children and adults, the club's overarching safeguarding aims, the values and principles underlying our approach, and many aspects of the good practice guidance provided, apply equally to both child and adult participants.

2. Services, Activities and Facilities Provided by our Golf Club

Glynhir Golf Club is committed to providing a safe and enjoyable environment for all members, guests, and visitors. We take the welfare of children, young people, and vulnerable adults seriously and have safeguarding policies in place to prevent harm and promote well-being. Glynhir Golf Club works with local authorities, golfing organizations, and other local agencies to ensure a safe and respectful environment for everyone."

3. Safeguarding Commitment

Our club acknowledges its responsibility to safeguard all participants, and to establish safeguarding arrangements that comply with legislation and government guidance, sport safeguarding standards, and the affiliation requirements of our sport's governing body - Wales Golf.

We acknowledge that safeguarding is everyone's responsibility, and accept its responsibility to establish effective safeguarding arrangements. The club will work in partnership with Wales Golf when any safeguarding issues arise, and, when appropriate, with local statutory agencies.

4. Common Terms

These are explanations for some of the key terms used when establishing safeguarding arrangements within the club:

- A **'child'** is anyone who has not reached their 18th birthday. The term children and young people can be used interchangeably, but both refer to individuals under 18 years old.
- An **'adult'** is anyone over the age of 18 years.
- An **'Adult at Risk'** is anyone over 18 years who is experiencing or is at risk of abuse or neglect, has needs for care and support (whether or not the authority is meeting any of those needs), and as a result of those needs is unable to protect himself or herself against the abuse or neglect or the risk of it. Social Services Act (Wales) 2014.
- **'Additional vulnerability'** refers to the fact that some groups of children and adults are at greater risk to abuse and harm than the general population. Adults who may be additionally vulnerable in these ways may not meet the legal definition of being adults at risk.
- **'Safeguarding'** is a term used across the UK to describe measures to protect the health, well-being and human rights of individuals, which allow people—especially children, young people and adults who may be additionally vulnerable—to live free from abuse, harm and neglect. Safeguarding has two main parts. **Firstly, preventative action** – steps taken by an organisation to reduce the likelihood of harm or abuse of a child or adult happening. **Secondly, arrangements and actions to respond effectively when safeguarding incidents or concerns arise.** This is often referred to as **child or adult protection**.
- **'Poor Practice'** means any behaviour by a member of staff or volunteer that falls below the standards set out in the club's Code of Conduct. Poor practice can range from relatively minor incidents to abuse and criminal behaviour.
- **'Statutory agencies'** refers to **Social Services** (child and adult respectively) and the Police**. Local Authority Designated Officers (known as LADOs)** have responsibility to assist organisations in responding to and managing safeguarding concerns relating to the behaviour of a staff member or volunteer.

5. Safeguarding Principles and Values

- The welfare of children is paramount
- Children and adults (regardless of age, race, religion or belief, disability, gender identity or sexual orientation) involved with our Golf Club have a right to be protected from harm and abuse
- The club will provide a person-centred environment that respects and promotes the rights and dignity of all participants
- All allegations of abuse or concerns about the welfare of individuals will be taken seriously and responded to swiftly and appropriately
- We will assume that (unless we have clear evidence to the contrary) adults know what is best for them; we will respect their views and wishes, and support them to be as independent as possible – including when safeguarding concerns arise
- We will work with participants (and the parents/carers of juniors), Wales Golf, and external agencies to safeguard the welfare of children involved in golf
- The club will adopt an open and transparent approach to establishing and operating safeguarding arrangements for both children and adults.
